

VISION PROFESSIONALS

VISION PROFESSIONALS

Are you looking for just a job...or for a career (even a second career!) that makes a huge difference in an individual's life?

Vision Professionals work with people of all ages (infants to older adults) who have lost some of their vision or are totally blind. Vision Professionals teach the skills a person living with a visual impairment needs to be independent, self-sufficient, and successful in their school, home, work, and community environments.

Learn from home, at low cost, and get a job anywhere in the country! By 2050, 25 million people in the United States will need the services of a Vision Professional. You can be the person who makes a difference!

- Teacher of Students with Visual Impairments (TSVI)
- Certified Orientation & Mobility Specialist (COMS)
- Certified Vision Rehabilitation Therapist (CVRT)
- Certified Low Vision Therapist (CLVT)
- Certified Assistive Technology Instructional Specialist (CATIS)
- Certified Rehabilitation Counselor (CRC)
